Power:	730W AES. Nominal impedance 8 ohm
Sensitivity:	97dB/1W/1m. Max SPL 125.5 dB
Frequency Response:	30Hz to 20Khz
Size:	1014 x 610 x 310 mm
Weight:	Net 52 kg

A superb 2-way screen speaker delivering Hi-End quality and a perfectly flat response, with 700+80W power helped by an internal crossover fitted with Mundorf components. A very warm timbre, and a perfectly distributed treble response thanks to the 90°x40° horn, which can be rotated 90° for horizontal use. It creates the best sound reproduction possible for either professional dubbing theatres or high-end home theatre installations featuring Dolby Atmos or Barco Auro. Finished with a high resistance polyurea coating, Hi-End connectors and a customizable faceplate in either lacquered or varnished finishing.
