Size:	1014 x 610 x 310 mm
Weight:	Net 54 kg

A superb 2-way self-powered screen speaker delivering Hi-End quality and a perfectly flat response. The integrated european-built amplifier with DSP includes 4 factory made presets. A very warm timbre, and a perfectly distributed treble response thanks to the 90°x40° horn, which can be rotated 90° for horizontal use. It creates the best sound reproduction possible for either VIP Cinemas, professional dubbing theatres or high-end home theatre installations featuring Dolby Atmos or any other immersive sound system available on the market. Finished with a high resistance polyurea coating, Hi-End connectors and a customizable faceplate in lacquered finishing.

Presets included:

- 1.- Cut off 63Hz
- 2.- Cut off 63Hz polarity reverse
- 3.- Cut off 80Hz
- 4.- Cut off 80 Hz polarity reverse
